

Mobile Manager

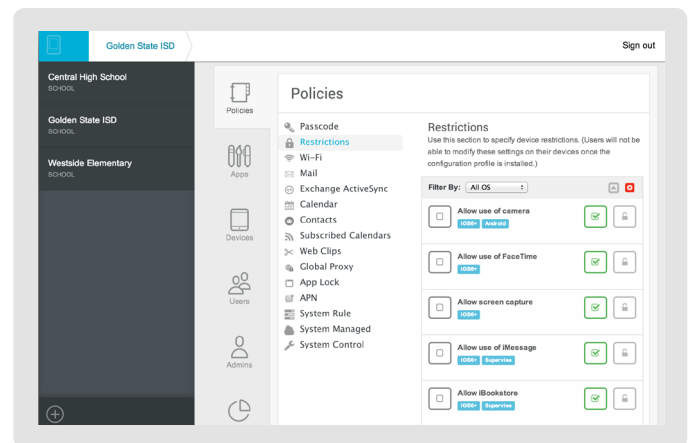

# Makes managing mobile devices as simple as using them

Blended learning, 1:1, BYOD. Learning is going mobile, and Mobile Manager makes it easy. With powerful features made just for schools, you can roll out, manage, and safely utilise mobile devices for learning—balancing management between IT and educators and ensuring appropriate educational use, wherever your students go.

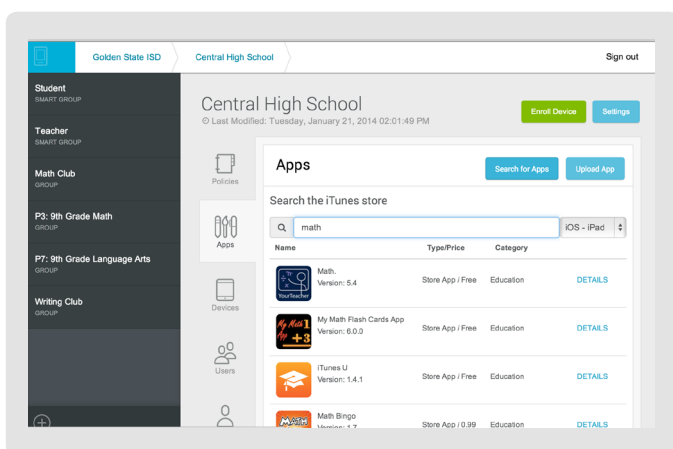

**Easily manage devices** across your school with flexible groups and an intuitive interface

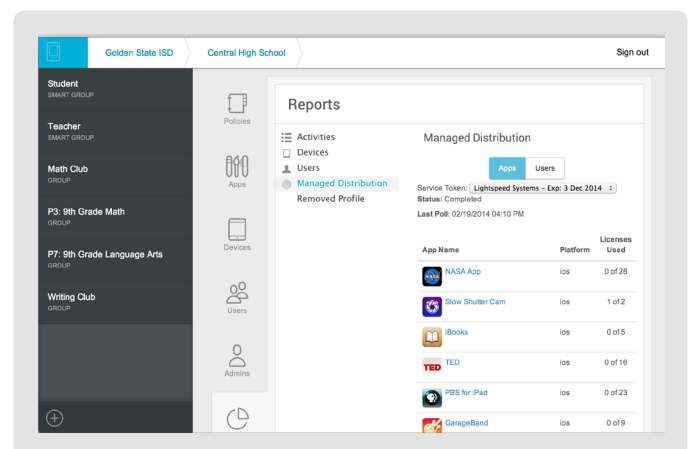

**Control device functions** with a simple click

**Manage apps installed and purchased** throughout the school

**View critical information** about all devices in your school

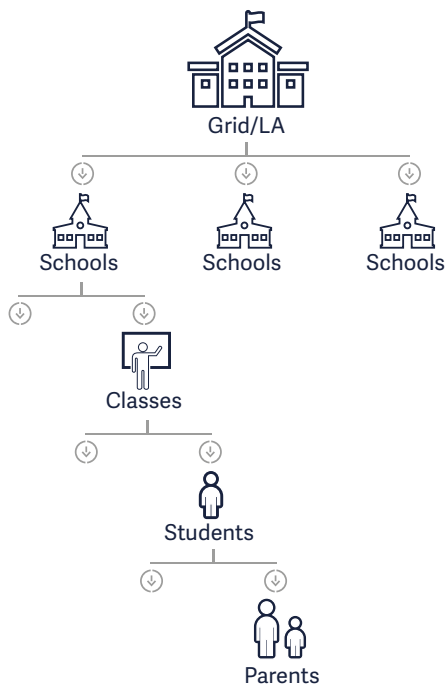

## Mobile Manager

### What makes Mobile Manager different?

Our Mobile Manager has a unique school-based structure that allows for:

- Hierarchical design— that matches a school structure and makes management intuitive
- Shared management— so teachers and IT can each control and manage what they need to
- Simplicity & ease of use— pushing apps, controlling features and more takes just a click

### Features
