

equil[®] SMARTMARKER

by Luidia

Whiteboarding beyond the surface.

Don't let location limit your communication.

Stream everything you write on your writeboard to anyone in the world.

Save time and money by allowing you to communicate more effectively with your remote teams.

Share everything you physically write or draw in real time pairing perfectly with your favorite communication program or application like Skype, Webex, or GoTo Meeting.

Super portable and adapts to your environment. Throw it in your pocket or bag and use it anywhere.

Works on any flat surface and can capture an area up to 8 feet wide and 5 feet tall. Use both sides of the sensor to capture two full 8ft x 5ft boards.

Easily connect with your remote colleagues using the Equil Note application.

Luidia inc. is the creator of Equil and eBeam™ interactive technology that helps the world capture and share content. The company's products are utilized by organizations of all sizes, with hundreds of thousands of users across multiple industries and geographies.
